Coaches: Congratulations on qualifying for the 2009 State Volleyball Tournament! The Kansas Volleyball Association will be selecting a twelve member All Tournament Team from each State Tournament. Please submit this form to the K.V.A. selection committee representative at the State Tournament. Please nominate only those players who you feel have been instrumental to your team's success this season. List your players in order of preference for consideration and the selection committee will “try” to respect your judgment and yet at the same time formulate a fair evaluation of each player's performance throughout tournament play. The KVA will mail/email a written announcement to you if any of your players are selected. KSHSAA forbids any public announcement of such selected teams so the selection will not be announced at the tournament. The names of the players receiving this honor will appear in the major newspapers in Kansas and we are counting on you to put a special announcement in your local paper. We also request that you make sure that if you have a player selected that she mail/email a picture to the following address immediately following the tournament. The pictures and team lists will be posted on the KVA website at www.kansasvolleyballassociation.org. Please see that the picture is emailed by November 15, 2009 to:
